

Taxxo 712 AC Operating Hour Meter

SPECIFICATION SHEET

Flush, surface or DIN-rail mounting
 Robust and reliable
 Various dimensions, round and square
 Latching screws or low profile plugs
 Screw terminals (VBG4)/Flush-mounting

Technical data

Dimensions H x W x D (mm)	30 x 55 x 71
Switchboard panel (mm)	25 x 50
Distributor cut-out (mm)	-
Mounting depth (mm)	66
Weight (g) approx.	50
Connection	220-240 V/50 Hz 330-380 V/50 Hz 36- 48 V/50 Hz
Power consumption	approx. 1 VA
Ambient temperature	-20°C bis +55°C
Protection class	II
Protection type front	IP 20 (IP 54 with sealing s. accessories)
Accuracy	synchronic to network
Metering capacitance	99999,99 h
Run display	yes
Assembling mode	integration
Connection type	screw terminals
